

To whom this may concern

Re: Tom Pauncz Productions

I am pleased to provide this reference letter for Tom Pauncz of Tom Pauncz Productions in support of his future business endeavours.

I have had the good fortune to work with Tom on a number of projects the past three years including digital and video capture of the Wisdom Exchange – a Ministry of Economic Development and Trade initiative. He has proven to be extremely capable in meeting and exceeding our quality expectations and has produced the material on time and on budget. Due to the nature of the audience at this event it is imperative that the work be discreet and handled in a most professional manner – Tom delivers.

I appreciate Tom's attention to detail and willingness to go the extra mile to get it right. He works well with other members of the production team and has contributed to time-sensitive deadlines responding to each challenge presented.

Please contact me should further information be required for this outstanding gentleman.

Sincerely,

A handwritten signature in black ink that reads 'Bruce Forty'.
